EDUCATION

PDPM IITDM, Mechanical Engineering, Jabalpur, M.P., India

Master of Technology in Mechanical Engineering Design, GPA: 7.4 — July 2016

GBTU, Moradabad Institute of Technology, Moradabad, U.P., India

Bachelor of Technology in Mechanical Engineering, Percentage: 73.3 — May 2013

SPECIALIZED SKILLS

Technical: Python (beginner automation), SQL (querying), Excel (Advanced), Databricks (Spark SQL, Delta concepts), Power BI, MATLAB, Jira, Dymola, ANSYS, SolidWorks, AutoCAD

Analytics: Data Cleaning, EDA, Data Validation, Statistical Analysis, Dashboard Reporting, Trend Analysis

Tools & Platforms: Databricks, Power BI, SQL/Excel, AWS (S3, RDS)

AREAS OF INTEREST

Data Analytics & BI • Data-Driven Decision Making • ETL Validation • AI Model Evaluation • Process Optimization

WORK PROFILE

Subject Matter Expert — Chegg India Pvt. Ltd., New Delhi

May 2020 – Present

- Performed high-volume data extraction, validation, and quality checks to ensure data consistency.
- Conducted analytical evaluations of AI/LLM outputs and documented error patterns.
- Collaborated with AI engineers to ensure availability of clean, curated datasets for training and validation.
- Contributed to LLM-as-Judge (LAJ) by analyzing scoring consistency and cross-model performance variance.
- Prepared detailed analytical reports and visual summaries to support stakeholders.
- Maintained documentation for datasets, reports, and evaluation processes ensuring governance compliance.

Subject Matter Expert — Trivium Education Services, New Delhi

Nov 2018 – May 2020

- Analyzed complex academic datasets for accuracy, completeness, and domain relevance.

- Coordinated with stakeholders to refine requirements and ensure quality deliverables.

Research Analyst — AnovIP, New Delhi

Oct 2016 – Nov 2018

- Conducted data-driven patent analytics including novelty searches and invalidity analysis.
- Worked with large document datasets, performed classification and pattern identification.
- Prepared analytical and risk assessment reports for clients.

INTERNSHIP PROFILE

Project Intern — GTEC, Whirlpool of India Ltd., Pune

June 2015 – May 2016

- Collected experimental data, performed trend analysis, and supported engineering decisions.

RELEVANT ACADEMIC PROJECTS

- FEA Projects — Data modeling & simulation interpretation (MATLAB, ANSYS).
- NC Code Extraction using MATLAB — Toolpath data processing & automation.

- Gyroscope Dynamic Analysis — Multi-variable simulation (MSC Adams).
- Biomass Cookstove Design — Led 3-member team; performance data evaluation.

SUMMER TRAININGS

- Engineers India Limited — Piping Department (4 weeks)
- Engineers India Limited — HVAC Systems (4 weeks)

TEACHING ASSISTANTSHIP

- Fluid Mechanics & Hydraulic Machinery Lab — Guided lab data interpretation
- Project Workshop-2 — Assisted students in documentation & analysis

ACTIVITIES & ACHIEVEMENTS

- Consistent high-quality analytical performance at Chegg
- Awarded in Hindi poetry competition (2014)
- Organized technical/creative events during B.Tech

PERSONAL INTERESTS

- Data Visualization • Analytics Case Studies • Writing • Journaling
